### APARTMENT

The apartment is fully equipped with bed sheets and towels, cooking supplies (including a french press, kettle, pots and pans and a hand blender). Please do not remove anything from the apartment during your stay.

It is strictly forbidden to smoke inside.

## CLEANING

Laundry room is located downstairs, in the south/left side of the building. Feel free to use it as needed and detergents are next to the washing machine.

Please, remember to remove your clothes from the machine when they are done. If your clean clothes are left in the washing machine, the cleaner will put the clothes on top of the machine.

You are responsible for the cleanance of the apartment during your stay.

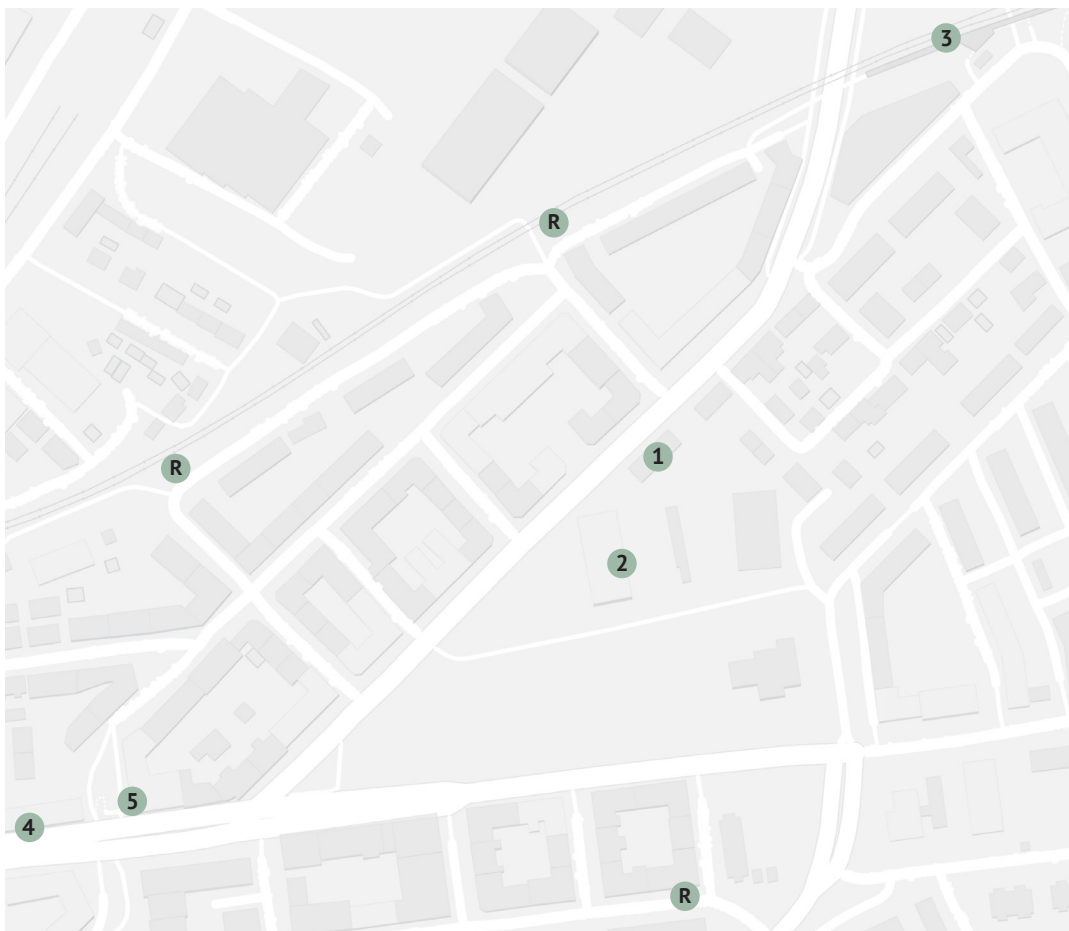

You find vacum cleaner and in the laundry room, which is also used by all tenants and the cleaner, so remember to bring back any equipment you borrow back as soon as possible.

In the apartment, under the sink in the bathroom, you will find hand soap, toilet paper and cleaning products for the bathroom, next to the toilet you will find toilet cleaner. You are responsible for replance these on your own expense.

There is an extra set of sheets and towels in the dresser, and extra kitchen towel and kitchen cloth in the closet under the sink in the kitchen. When you clean sheets and towels, please use the program 'Daily' on 60 degrees.

### Please sort your waste

- Paper, clean plastic and residual waste is sorted in separate bins, both in the apartment and in container. Residual includes food waste.
- Key for the bins can be found on the wall in the first floor on each side of the apartment building (see image).
- Glass and metal – public containers (market with 'R' on map)
- Hazardous waste – red box in the basement
- Please let us know if you have any waste that doesn't fit these options.

## FIRE INSTRUCTIONS

### Apartment building (gym)

Please make sure to read the instructions available in the apartment.

### Studio building (main building)

If the fire alarm goes off in the main building, please exit the building. The alarm central is located on the first floor, and you might meet other people here on your way out - if there is no actual hazard they will tell you (most often it is a result of cooking in the kitchen).

Be aware that LKV has the local 'plane alarm' (flyalarm) located at the loft. This is tested now and then but always at 12pm, and it is very loud. The signal they are using means 'turn on your radio to get information'.

## IN CASE OF EMERGENCY CALL:

Fire department: 110

Police: 112

Ambulance: 113

Accident and emergency department: 116 117
